to

MRS. ESTELLE STAHL

Dear Mrs. Stahl,

Through your enthusiastic and energetic approach to teaching, you have earned the respect and love of the class of 1975. Your refreshingly realistic outlook on life has shown us what it means to be a true individual. Your willingness to stand up for what you believe has served as a valuable example for us all.

By sharing your expansive knowledge you have opened our eyes to the tragic, as well as the joyous aspects of mankind and helped us to attain a greater appreciation of literature.

You will always be special in our hearts and minds; for it was you who made us think and question, and it was you who were not satisfied with anything but our very best.

We would like to thank you for your encouragement and unfailing devotion to your students.

> Gratefully, The Class of 1975

STRAIGHT FROM THE TOP!

To the Class of 1975:

Congratulations! You have now earned your diplomas from Medfield High School signifying at once an end and a beginning. Your successes and failures—academic, extra curicula, athletic, leadership, followership, social, and ethical—during your elementary and secondary school years provide each of you with a rich store of understanding with which to meet, solve and enjoy Tomorrow's experiences and challenges. Your ideals, your energy, and your caring are sorely needed by our maturing nation and interdependent world.

Just as you have constructively participated in change and transition this year toward the betterment of the high school experience for all involved, many such helpful opportunities will again be yours throughout your lifetime. You can make a difference.

I look forward to your contributions and personal successes in the years ahead. I speak for us all in wishing you God's blessings as you begin life's experiences as participating young Americans.

Very Sincerely,

Bruce C. Pulaife Superitendent

Your class has distinguished itself in many ways—scholastically, socially, and athletically. Each of you contributed in his own way to the betterment of our school.

Congratulations to each of you upon this graduation. My best wishes for your success and happiness as you complete this major milestone in your educational development. Whatever your pursuit may be, continue to work hard in attempting to reach your goal.

LINDA MARIE ROSSIER "I need freedom to be me--so I'm not just a figment of somebody's else's imagination or a neat label on somebody's neatly ordered shelf, but an actual person who cares and is cared for. I want to be involved in life, not just an onlooker. 1 don't want to watch this ball game; I want to play in it, hard and all the way. I want to get close to life, feel it and smell it, sweat over it, and maybe even pick my place to die. I want to be free. Free to laugh, to cry. Free to die, to live. Free to be responsible, and care, and dig in. Freedom. -- Malcolm

Hi folks

A.F.S.

I'm sure that in the beginning of the year a lot of people must have wondered: "Who's that guy over there with a map of the school in his hand?" Well, it was me! Confused, all mixed up, not knowing which class or what room to go to! But, as the weeks passed by, not only did I learn how to move around the school, but certainly did learn a more important thing: I started finding out that, although I wasn't in Brazil anymore, whenever I looked around, I would always find friends, people trying to help me in the best way they could. I found friends in my classmates, in the teachers, nice persons ready to give me a hand whichever problem was there, and in the prinicipal, not only an excellent teacher, but also a friend.

My canoeing on the Charles River, my first roller-skating attempt, the Halloween, my first snow, my birthday party
... those are some of the several wonderful things that have already happened to me since I got here. I am very thankful to all of you people for helping me have such a fantastic year here in the U.S.A., and I know that, when the time for leaving comes, and "good-bye" has to be said, I will have learned the real meaning of MY LIFE. And then, by myself, recalling every wonderful experience I had during this year, I feel, I know there will be more humanity left in me.

Marching Band performs during half-time at all the Warrior Football games. The Concert Band performs annually at the Christmas and Spring Concerts, and at Graduation Excerises in June. Student Council

The Student Council is a group of students working with the student body, faculty, and administration which helps promote school harmony; it acts as a place of communication between students and administration. The provision of an Annual Honor Recognition Day where students are presented trophies, letters, and certificates for achievement-academic and otherwise, enables acknowledgement of student accomplishment. The Student Council consists of the officers and representatives of each class, and the four officers of the Student Council: Steve Bunn, President --Gail Patterson, Vice President--Sheryl Hobel, Secretary -and Juliette Powers, Treasurer.

All students on the Honor Society have achieved academic excellence as well as being outstanding school citizens. A main attraction of each year is a trip to Martha's Vineyard. Officers are: Paul Kelleher--President Heidi Schultz--V. President Jean Colt--Secretary and Paul Swanson -- Treasurer. The faculty advisor is Mr. Lee Smith.

The 1974 Warrior Football Team posted a fine 7-3 record. Led by Capt. Mark Brayton, the Warriors started with two impressive wins over Norton and Medway. After a large loss at the hands of Holliston, the Warriors took the next three games. Coach William Young's men decisively beat Millis, and then won the next two games by close scores, taking Ashland and Marion. Westwood proved to be difficult, and the Warriors dropped that contest. Medfield was not out of the TVL championship picture, though, and big victories against Bellingham and Hopkinton put the Warriors in a tie for first place. The final contest versus Dover on Thanksgiving Day was the deciding factor. A win would assure the Warriors of at least a first place tie, while a loss would drop them into second place. The Thanksgiving Day Game went all to to Medfield for the first three quarters. The Warriors had a 6 point lead going into the fourth period, but a late touchdown and field goal by Dover proved to be the end of Medfield's championship hopes.
